

BUBBENHALL PARISH COUNCIL
WILDFLOWER MEADOW PROJECT

The purpose of this briefing note is to update Councillors on progress made with the Wildflower Meadow Project.

As requested at the last meeting Chris Redstall from the Warwickshire Wildlife Trust has been contacted.

He is prepared to survey suggested sites and arrange to have soil tests made to determine suitability.

He also invited the Parish Council to become a partner in a bid he is preparing to provide more wildflower meadows in Warwickshire. The bid hopes to attract funding for local projects from the Heritage Lottery Fund. He has been successful in the 'expression of interest' stage of the bidding process. If ultimately successful his project would see work on developing wildflower meadows in November 2016.

Next Steps:

I would suggest that we meet with Chris Redstall and show him potential sites and become a partner in the wildflower meadow project he is managing.

Cllr Stephen Haynea
