Cllr Baker gave a brief overview and explained that designs and quotations had been obtained from 3 companies. All quotations were in the region of £100,000 each, depending on what surfaces were used. Materials were either steel or wood and designs included equipment for smaller children and the less able-bodied.

Cllr Roberts explained that he had started looking into possible sources of funding for the project and felt that it would be advisable to look for the total amount, but from different sources. FCC, Segro and HS2 were possibilities and would be approached.

Cllrs Baker and Roberts were thanked for their work on the projects and for liaising with the play equipment companies.

Cllr Powell gave a brief overview on the Green Shoots project and explained that there had been no further progress. This was because, although the trees could be applied for, it had been decided to wait until the outcome of the funding application was known.
